1. Basic Overview

Shandi King renewed her childcare registration in September of 2025. Shandi is currently a category "B" Child Development Home Provider. This allows her to have 8 preschool children with an additional 4 school aged children at one time for a total of 12 children in care for up to 2 hours. If there are more than 8 children in care for over 2 hours a DHHS approved assistant needs to be present. Shandi is adding her daughter as an assistant for her program. Shandi is available for childcare from 7am to 5pm Monday through Friday. There are 2 pet dogs in the Child Development Home.

2. Identify Observed Strengths Of The Program

The home has dedicated spaces which are furnished with children's furniture, toys, books, and cribs. There are toys and

objects which encourage children to develop large and small motor skills. The provider follows a structured routine which children can predict their environment and activities. The children have group activities, free-play, and access to media. There is a large backyard the children in care have access to when the weather allows. The backyard is furnished with playground equipment encouraging large and small motor skill development. Shandi has completed her required trainings as reviewed by the Registration Unit. Shandi has completed Safe Sleep training; this worker reviewed the policy with her and gave her an informational flyer. Shandi will implement the practice when she has children 12 months or younger in her care. Shandi uses Time Out and redirection as her primary behavioral interventions when needed. Corporal punishment is not practiced in the Child Development Home. Children in Shandi's care receive regular meals and snacks as appropriate. Shandi's provider file and individual child files are complete, organized, and easily accessible.

3. Identify The Aspects That Fall Below The Standard

110.8 (4) b : Procedures are in place for: Evacuation to safely leave the facility, Relocation to a common, safe location after evacuation, Shelter-in-place to take immediate shelter where the child is when it is unsafe to leave that location due to the emergent issue, Lock down to protect children and providers from an external situation, Communication and reunification with families, Continuity of operations, and Procedures to address the needs of individual children, including those with functional or access needs.
110.9 (1) a : Within six months of becoming registered, a physical exam report documented on form 470-5152, Child Care Provider Physical Examination Report, for all household members over the age of 18. Physical exams should be repeated every three years.

1. The Emergency Preparedness Plan needs to be updated and easily accessible. This worker has emailed a fillable Emergency Preparedness Plan template to use. Your CCR&R Worker can assist with this update if needed.
Have procedures in place for the following:
• Evacuation to safely leave the facility
• Relocation to a common, safe location after evacuation
• Shelter-in-place to take immediate shelter where you are when it is unsafe to leave that location due to the emergent issue
• Lock down protocol to protect children and providers from an external situation
• Communication plan and plans for reunification with families
• Plans for the continuity of operations
• Procedures to address the needs of individual children, including those with functional or access needs

2. All household members 18 years or older need to have a DHHS Medical Physical Form completed by a qualified medical professional. This worker left a blank form for you to use.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

None.

5. Special Notes/recommendations

I encourage you to work with your Child Resource and Referral Worker (Karen Lauer 641-820-1922) with any compliance or training efforts.

Email a copy of the updated Emergency Preparedness Plan within 30 days of receiving this letter.
