CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Jennifer Moon has been a childcare provider since January 2000. She reported that she has double Bachelor Degrees in Early childhood and Human Services. She has a Master's Degree in Psychology. The provider is also an experienced foster parent. She is currently a Level 4 IQ4K childcare home. She reported that she is also working with the Wages Program. At the time of the compliance visit, the provider did not have any children in care. The provider uses the main floor of her home for childcare. She has many different options to keep children busy while they are at her home. Toys, games, puzzles, books. She reported that when the weather is good, they are outside in the back yard until dark. If a child needs to go to sleep, they are in the living room area with the provider until the child is picked up.

2. Identify Observed Strengths Of The Program

The provider offers non-traditional hours to families for care. She has a variety of children in her care at different days and times.

The provider reports being flexible with the families to ensure they have care for their children. She reports that the children she cares for become like family.

3. Identify The Aspects That Fall Below The Standard

Each smoke detector is tested monthly, and a record is kept for inspection purposes.
Fire and tornado drills are practiced monthly and documentation kept on file for the current year and previous year.

**Provider reported that she has not been documenting these monthly. We talked about starting with May 2026 and documenting from this time forward.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

5. Special Notes/recommendations

2026 targeted compliance measure: Emergency Preparedness Plan. The provider has a completed EP plan that identifies planned actions for evacuation, shelter in place, lockdown, communication and reunification. The plan also addresses continuity of care in the event of a disaster at the location of the childcare.
