1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category B provider Destini Maxwell on 6/8/2026. Destini has been involved with child care for 8 years. She continues using the main floor only of her ranch style home. Her primary space includes the living room/kitchen, and 2 bedrooms. Destini had 5 children present during our visit and cares for a total of 8 children at this time. She has no HHS-approved assistants or substitutes. Destini has one dog and 4 cats that all need a current vet statement. She uses her large, fenced back yard as her outside play area. Destini is due to renew her registration effective 2/29/2028.

2. Identify Observed Strengths Of The Program

CHILD CARE ANNUAL EVALUATION

Destini describes her strengths as having 8 years of experience, being patient, and being young with lots of energy to match the children. Her curriculum includes mostly free play mixed with regular traditional activities such as coloring, music, games, and lots of outside time as weather allows. The children were engaged in free play during the time of our visit.

3. Identify The Aspects That Fall Below The Standard

110.8 (1) g : Has not less than one 2A 10BC rated fire extinguisher in a visible and readily accessible place on each child-occupied floor.
All dogs and cats have annual examinations. Records of the exams are on file and must verify that routine immunizations are current and animal is free of endo and ecto parasites.
- Destini needs to re-charge or replace the 2A 10BC fire extinguisher on her main floor.

Form 470-5153, Pet Health Examination Veterinary Health Certificate, is on file.
- Destini needs to obtain a current vet statement for her one dog and 4 cats to have on file. (They were all expired.) These need to be completed using the State form she has a copy of and need to be renewed every year.

110.9(4) : An individual file is maintained for each child and updated annually or when there are changes. Each file contains:
- Destini needs to develop a complete file for one of the children in her care. This file needs to include all the items she has with her other files.

The above corrections need to be in place by 8/31/2026 and will be reviewed during her next visit.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

The 2026 targeted compliance for the Emergency Preparedness Plan was conducted. Destini was in compliance having a plan consistent with her current operation.

I encourage Destini to work with Julia Green from Child Care Resource and Referral with any ongoing compliance or training needs.
Julia can be reached at: (515) 202-1830

Destini currently has no infants under 12 months of age in care. We reviewed safe infant sleeping policies for future reference.
