CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category B provider Julie Keeler on 10/9/2025. Julie has been involved in child care for 25 years. She continues her operation in the upper level of her split foyer home which includes 2 exits. Julie's home has an open and clutter free environment. She has a large primary space that is dedicated to child care. Julie had 6 children in care during the time of our visit. Her certification is active through 11/30/2026. She has no current HHS-approved assistants or substitutes.

2. Identify Observed Strengths Of The Program

Julie continues to show great control of her environment. She provides good attention to the children and has developed great multi-tasking skills. Julie is conscientious with her approach to child care, the children, and the parents. She offers great access to her home for parents. Julie mixes free play with regular time reading, arts, crafts and activities. Julie changes out her toys regularly to keep things new for the children. They have regular outside time whenever weather is permitting.
