CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Jessica has been a registered childcare provider since July 2015. Jessica does not have any substitutes or assistants. Jessica is not currently on the food program, but is meeting with them later this week to get signed up. Jessica's childcare hours are 7:00am to 4:30pm, Monday through Friday. Jessica accepts children ages birth to 5 years. Jessica's childcare is on the lower level of her home and she has permanent steps up to her egress window.

2. Identify Observed Strengths Of The Program

Jessica was caring for 8 children at the time of the compliance visit. During the compliance visit, the children were observed playing with dress up clothes, ride-on toys and a play grill set.

Jessica says that she has the children do crafts for all holidays, she showed the current craft for Mother's Day, children painted vases and used artificial flowers.

Jessica says that the children love to finger paint, go on nature scavenger hunts and play sports like soccer and football. The children are currently painting rocks to add to a rock snake out front. Jessica says that the kids love the sand table and sidewalk chalk and she recently made a corn sensory bin. Jessica says that the children visit the library and the local nursing home. Jessica works with the children on using good manners. Jessica also works with the children on basic skills like numbers and letters.

3. Identify The Aspects That Fall Below The Standard

Fire and tornado drills are practiced monthly and documentation kept on file for the current year and previous year.

1. Jessica says that she has the children practice fire and tornado drills monthly, but she has not recorded them for the last month or two.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

1. Jessica needs to document her monthly fire and tornado drills.
