CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Sharon is a category B provider who has been registered since 2017. Her hours are 7:00AM to 5:30PM. She is willing to expand her hours to accommodate a parent's work schedule as needed. She accepts children of all ages. She provides childcare on the main level of the home as well as downstairs. There is access to the outside in the basement. There is a fenced in back yard for the children to play in as well as playground equipment in the front yard. Sharon belongs to the food program and accepts childcare assistance payments.

2. Identify Observed Strengths Of The Program

Sharon puts a lot of effort into running a quality childcare program. Sharon provides the children with numerous toys and fun activities to participate in, including going on field trips to the library and community events. The back yard is fenced in and has wooden structure with a climbing wall swing, a slide and a playhouse. The front yard has a teeter totter and bikes and scooters. To help address misbehaviors and "big emotions" Sharon has a "calming corner" with problem solving materials, pop-its fidget spinners, and paper to tear to help the child regain control. Sharon is then able to discuss the incident with the child and learn better social skills.

3. Identify The Aspects That Fall Below The Standard

Sharon met all HHS requirements for this compliance check.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance
