CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Nyanyu Afaray has been a registered Child Development Home Provide since June of 2023. Nyanyu is a category "A" CDH Provider allowing her to have 6 preschool children and 2 additional school aged children at one time. There are no pets in the home. Nyanyu does not have any families in her care at this time. She is actively seeking families to care for at this time. I referred her to Child Care Resource and Referral for support with finding families.

2. Identify Observed Strengths Of The Program

Nyanyu recently renewed her Child Development Home registration in June of 2025. She is current with all of her required trainings as reviewed by the Registration Unit. Nyanyu has completed Safe Sleep training and would implement the practice in her Child Development Home if she has an infant 12 months or younger. Children in her care would receive regular meals and snacks. Nyanyu uses separation, processing, and redirection as her main behavioral interventions. Corporal punishment is not used in the Child Development Home.

3. Identify The Aspects That Fall Below The Standard

110.9 (1) a : Within six months of becoming registered, a physical exam report documented on form 470-5152, Child Care Provider Physical Examination Report, for all household members over the age of 18. Physical exams should be repeated every three years.

1. Ayeba needs to get a DHHS Medical Physical Form completed. I left a blank form for her to take to her medical provider.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance
