Program Population Served:

- [X] Infant(0<24 mos)
- [X] Toddler
- [ ] PreSchool
- [ ] School Age
- [ ] All Ages

CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Shydia has been providing child care as a registered child development home for approximately nine years. Shydia is not currently accepting new enrollments, however, if she were she would take children aged three years of age and younger. Shydia's current hours are Mondays through Fridays from 6:00 a.m. - 6:30 p.m. Shydia states that she offers a structured play environment for children Shydia provides meals to children in care and has an open door policy. Shydia maintains a policy that all visitors need to be approved before coming to the home or picking up children from her care. Shydia is a pet friendly home with two foster cats.

2. Identify Observed Strengths Of The Program

Shydia believes her greatest strength in working with children is her ability to provide an environment for children where they can be kids. While allowing and encouraging kids to just 'be kids' Shydia still works hard to provide needed structure to children in care. Shydia encourages children to work out disagreements with one another themselves, however, when needed Shydia will intervene and assist. Shydia reports she is also good at making routine things fun and playing impromptu games with kids in her care. Shydia maintains her required child care paperwork in a file box making it easy to locate required compliance items. Shydia's home offers children space to learn and grow. Shydia understands the need for rules and regulations for child care providers and further understands that all involved parties have the same goal - to keep children safe.

3. Identify The Aspects That Fall Below The Standard

Each smoke detector is tested monthly, and a record is kept for inspection purposes.
All dogs and cats have annual examinations. Records of the exams are on file and must verify that routine immunizations are current and animal is free of endo and ecto parasites.
Form 470-5153, Pet Health Examination Veterinary Health Certificate, is on file.
Fire and tornado drills are practiced monthly and documentation kept on file for the current year and previous year.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

Shydia has two cats. One cat is current on vaccinations, however it is not on the required HHS form. The other cat needs updated vaccinations.
Shydia needs to resume months fire/tornado drills and smoke detector testing and maintain written documentation. Shydia reports she completes the drills, but often forgets to document it.

Shydia needs to send verification of the above items to Kathy by 10/26/2026. Items can be emailed to kathy.huinker@hhs.iowa.gov or texted to 563-949-6971.

5. Special Notes/recommendations

Targeted compliance of Emergency Preparedness Plan completed. Plan remains accurate and up to date.
