Dear Child Care Provider:

This letter is in regards to the compliance visit at your Registered Child Development Home B conducted on 10/22/2024. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. You are not a participant in the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

441 IAC 110.8(1) **Facility Requirements**

441 IAC 110.8(1)“b” Electrical wiring shall be maintained, and all accessible electrical outlets shall be tamper-resistant outlets or shall be safely capped. Electrical cords shall be properly used. Improper use includes running cords under rugs, over hooks, through door openings, or other use that has been known to be hazardous

441 IAC 110.8(2) **Use of Outdoor Space**

441 IAC 110.8(2) “b” When there is a swimming or wading pool on the premises:

1. A wading pool shall be drained daily and shall be inaccessible to children when it is not in use.
2. An aboveground or in-ground swimming pool that is not fenced shall be covered whenever the pool is not in use. The cover shall meet or exceed the ASTM International (formerly known as the American Society for Testing and Materials) specification intended to reduce the risk of drowning by inhibiting access to the water by children under five years of age.
3. An uncovered aboveground swimming pool shall be enclosed with an approved fence that is non-climbable and has a minimum height of four feet.
4. An uncovered in-ground swimming pool shall be enclosed with a fence that is non-climbable and is at least four feet high and flush with the ground.

Findings:

1. 110.8(1)b The provider has some outlets that are not safety capped.

2. 110.8(2)b The provider has an above ground pool in the backyard that is surrounded by a non-climbable fence. The children's play area is in the front yard and there is a locked gate to the backyard. The back door to the house opens out to the backyard and the pool and the door is not alarmed.

Suggestions/Recommendations:

A re-check is not needed at this time, corrections need to be made by 12/1/2024 and will be reviewed at the next annual compliance check.

I encourage you to work with Heather Bloome from Child Care Resource and Referral with any ongoing compliance or training needs.

Heather can be reached at: 563-940-7971.

Corrective Action Required:

1. The provider will assure that all outlets have safety caps in when not in use.

2. The provider will add an alarm to the back door and keep the back door locked during daycare hours. (The provider sent SW Bailey a text on 11/5/24 showing that she has purchased an alarm for the door.)

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Please do not hesitate to contact me at DHS at 319-800-4702 or holly.bailey@hhs.iowa.gov if you have any questions regarding this letter.

Sincerely,

Holly Bailey
