CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Heather has been providing child care this time around for approximately 10 years. Heather provided child care prior to this as well. Heather provides child care after school and during the summer currently. Heather is not currently accepting new enrollments at this time. Heather states she provides a play-based environment for children. Heather's husband Scott is an approved substitute within the child care setting. Heather and Scott also have a second business that provides transportation services for children in the QC area.

2. Identify Observed Strengths Of The Program

Heather believes her greatest strength in working with children is that the kids consider her "grandma". The parents of enrolled children all know they can trust Heather. Heather maintains her paperwork in a file box making it easier to locate needed compliance items each year. Heather uses both her basement and main level of the home for child care, allowing children to have alternate locations to play.

3. Identify The Aspects That Fall Below The Standard

Nonsmoking signs are posted at every entrance of the home and in every vehicle used to transport children. Signs include telephone number for reporting complaints, and www.iowasmokefreeair.gov.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

Heather had a new door installed and did not put a no smoking sign on the door. Heather placed a sign on the door immediately following our visit. Nothing further is required.

5. Special Notes/recommendations

Targeted case compliance completed on Emergency Preparedness Plan - no changes required.
