- [ ] Non Registered Child Care Homes accepting CCA

Program Population Served:

- [ ] Infant(0<24 mos)
- [ ] Toddler
- [ ] PreSchool
- [ ] School Age
- [X] All Ages

1. Basic Overview

I conducted a combined Change of Address Pre-inspection and full annual compliance visit with Registered Child Development Home Category B provider Heidi Holland on 5/22/2026. Heidi has been involved with child care for 14 years. Her new location will include child care space on the main floor only of the big, 2 story home. Her main floor has lots of open space with large connected rooms. They are in the process of moving into the home, though the child care space is clean and clutter free. Heidi is also in the process of renewing her registration this month. She is adding 2 household members as HHS-approved assistants. Heidi has no HHS-approved substitutes. She has 2 dogs, both with current vet statements on file. Heidi had no children present during our visit as she has been closed the past 2 weeks for the move. She currently has 10 children enrolled. Heidi has a large, fenced in back yard for her outside play area.

2. Identify Observed Strengths Of The Program

CHILD CARE ANNUAL EVALUATION

Heidi is conscientious in wanting to be in compliance. She asked lots of questions regarding the new location and her current renewal. She describes her strengths as good multi-tasking skills, communication with her families, and works hard to meet everyone's individual needs. Heidi offers very little screen time, usually just a 30 minute show during her lunch preparation. Heidi maintains a regular daily schedule with her operation. She has regular free play most mornings. Heidi mixes learning activities and table time throughout the day. She includes many traditional activities such as music, coloring, cutting, arts, and crafts. She tries to get the children outside 3 times per day if weather allows. Heidi participates in the Food Program to enhance the nutrition of her snacks and meals.

3. Identify The Aspects That Fall Below The Standard

110.8 (1) h : Has a minimum of one single-station, battery-operated, UL-approved smoke detector in each child-occupied room and at the top of every stairway.
- This visit was a combined annual compliance visit along with a Change of Address Pre-Inspection. Heidi had purchased all new smoke detectors for her child care space in the new location and wanted to review with me during our visit exactly the best places to mount them. She simply needs to mount the smoke detectors on her main floor as we reviewed during the visit. She plans to complete this task in the coming 3 day weekend.

110.9 (2) b : Within six months of approval, a Physical exam report documented on form 470-5152, Child Care Provider Physical Examination Report, which is repeated at least every three years.
- With Heidi's registration renewal happening this month, she is adding household members Neil and Brooks as assistants. Heidi needs to obtain a current health statement using the State form she has copies of to have on file.

110.9 (4) c : A signed medical consent from the parent authorizing emergency treatment.
- Heidi needs to update one of her children's files with an Emergency Medical Treatment Authorization form.

Heidi's Change of Address Pre-Inspection for the new address has been approved effective 5/22/2026.
The smoke detectors need to be in place by 6/1/2026. The other corrections need to be in place by 7/24/2026 and will be reviewed during her next visit.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

The 2026 targeted compliance for the Emergency Preparedness Plan was conducted. Heidi is in compliance at her new address with a plan consistent with her operation.

I encourage Heidi to continue working with Cassie Strickler from Child Care Resource and Referral with any ongoing compliance or training needs.
Cassie can be reached at: (515) 782-3688

Heidi currently has no infants under 12 months of age in care. We reviewed safe infant sleeping policies for future reference.
