Dear Child Care Provider:

This letter is in regards to the pre-inspection visit at your residence in which you are seeking child development home registration conducted on 10/25/2019. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. You are not a participant in the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

441 IAC 110.8(1)**Facility Requirements**

- 441 IAC 110.8(1)“a” The home shall have a nonpay, working land-line or mobile telephone with emergency numbers posted for police, fire, ambulance, and the poison information center. The number for each child's parent, for a responsible person who can be reached when the parent cannot, and for the child's physician shall be written on paper and readily accessible by the telephone. The home must prominently display all emergency information, and all travel vehicles must have a paper copy of emergency parent contact information
- 441 IAC 110.8(1)“g” The home shall have at least one 2A 10BC rated fire extinguisher located in a visible and readily accessible place on each child-occupied floor.

441 IAC 110.8(4)**Emergency Plans**

- 441 IAC 110.8(4) Emergency Plans: plans in case of man-made or natural disaster shall be written and posted by the primary and secondary exits. The plans shall clearly map building evacuation routes and tornado and flood shelter areas.
- 441 IAC 110.9 Files

441 IAC 110.9(1)**A provider file is maintained and shall contain the following:**

- 441 IAC 110.9(1)“a” A physician's examination report for the provider and all members of the provider's household aged 18 years or older. Acceptable physical examinations shall be documented on Form 470-5152, Child Care Provider Physical Examination Report. All children residing in the household must have medical documentation outlined in 110.9(4) “d”, 110.9(4) “f”, and 110.9(4) “g”

Findings:

Angela did not have emergency numbers posted.
Angela did not have a fire extinguisher for the basement level.
Angela did not have her emergency disaster plan at the primary exit.
Angela's husband did not have a physical on file.

Suggestions/Recommendations:

Please let me know when you have the above items corrected. I can either stop back out or you can email or text me pictures of all the items. Thank you so much for reapplying, it will be nice to have you back.

Corrective Action Required:

Please make the about corrections in the findings section. Please do not use the basement level for child care until you have the fire extinguisher.

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Please do not hesitate to contact me at DHS at 515-573-1640; jduffy1@dhs.state.ia.us if you have any questions regarding this letter.

Sincerely,
