CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Mary McBroom is a CDH Category B provider living in Des Moines. Mary has a single story home with a basement though uses only the main floor for her child care operation. Mary has been registered with the State since 2011. Mary had 1 child in care during the time of my compliance check. She has 5 children enrolled in her program. Mary is able to provide care to any age of children.

2. Identify Observed Strengths Of The Program

Mary was within allowable numbers of children during our compliance check. She displayed good multi-tasking abilities during the time I was present. Mary was able to communicate and assist me with the compliance check while also serving breakfast to the 22 month daycare child. Mary's files were organized, trainings were up to date and postings were current. Mary participates in the food program. Mary said the daycare children do arts and crafts, play games, do puzzles, go on nature walks and play with playdough.

3. Identify The Aspects That Fall Below The Standard

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance
