	SUSPENSION of license
	REVOCATION of license

Licensing Consultant: Nate Knepper **Date:** 11-14-2022

I. IF CURRENT LICENSE IS PROVISIONAL, IDENTIFY THE CORRECTIVE ACTIONS

N/A.

II. IDENTIFY THE AREAS OBSERVED ON THE VISIT:

A licensing visit was conducted on 11/14/22. The on-site supervisor and the assistant on-site supervisor were present throughout the visit.

All areas of the program were observed. These areas observed consisted of classroom observations and activities, ratios, nutritional practices, health and safety practices, playground observation, field trip and transportation practices, and administrative review. The most recent COVID updates were also reviewed.

Beyond the Bell - Maple Grove Elementary is a school-age program located within the Maple Grove Elementary School in West Des Moines, IA. The program was previously supervised by the Department of Education and was given permission to open under DHS licensing on 9/2/14. During the school year, children who attend this school attend this Beyond the Bell program. However, during summer months, there is open enrollment. Hours are 6:30am - 6:00pm during the summer months and no-school days. During the school year, children attend 6:30am - 8:40am and/or 3:40pm - 6:00pm. The program is one of seven Beyond the Bell programs and they all use a similar learning curriculum based off of other learning curriculums. The center uses the cafeteria and the gym as well as the outdoor playground.

All Beyond the Bell programs are overseen by a Board. The directors of this program and the other Beyond the Bell programs are Andrea Wilmes and Rich Miller. Andrea is also the director at the three Wee Care programs located in Waukee. Both individuals meet the requirements for director. The on-site supervisor at this location is Victoria Montz as of 8/2019. Victoria has a BA degree and also has past experience working with school-age children to meet the requirements for on-site supervisor.

During the visit, all children were in the cafeteria and playing with the different learning stations that were set out for them. There were two additional staff members present and they were spaced out within the cafeteria and walking around and interacting with the different groups of children.

III. IDENTIFY THE OBSERVED STRENGTHS OF THE CENTER:

Staff use walkie-talkies to communicate with each other throughout the center.

A good system is in place for gathering attendance of children who attend the program after school is dismissed as well as for any field trips.

All of the Beyond the Bell programs have information posted online through the Waukee School District Website.

Monthly staff meetings are held. In addition, directors from this program meet with other western-suburb, school-age programs quarterly for meetings. Team leads (on-site supervisors) of the Beyond the Bell programs also have weekly

meetings with each other.

Staff from BTB are interchangeable between sites as needed.

The gym and the cafeteria are connected to each other and a portable wall is opened up during hours of operation. The flow of activities and children in the gym and cafeteria is better because of this set up.

Good staff – child interactions were again observed throughout the visit.

The center has a good working relationship with other school personnel.

Staff reported work well with each other.

The on-site supervisor and assistant believe a strength of their program is their constant communication with parents, children, each other, and other school personnel.

The cement area of the playground was replaced within the past year.

IV. IDENTIFY THE ASPECTS OF OPERATION THAT FALL BELOW THE STANDARDS REVIEWED:

109.15(1): Children at center two hours or longer shall be offered food of not less than two hours and no more than three hours apart unless child is asleep.
The full-day schedule will need to be adjusted some as discussed at the visit.

V. SPECIAL NOTES/RECOMMENDATIONS:

The center is exempt from environmental testing as they are located within a school and only serve school-age children.

For field trips, the center contact with the school and takes a school bus and driver.

One staff member file indicated the staff person had until the end of December 2022 to get at least six hours of professional development training for 2022.

A new, full, two-year license is recommended. The application and payment was sent in on 10/31/22 per the director.

*Note: If you are the Child Care Center Director and you feel something is unclear or unjustly cited, please contact your DHS Licensing Consultant to discuss the issue. The child care director may also send a response which will be placed in the licensing file.

*Note: If you are a member of the general public, there may be additional information contained in the public file. You may contact the DHS Licensing Consultant to inquire.
