CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Paty has been providing child care for approximately 14 years now and has been registered with the state of Iowa the entire time. Paty does not currently have any openings, however, provides child care to children aged 6 weeks through 5 years of age. Paty provides a play based program for families needing first shift child care.

2. Identify Observed Strengths Of The Program

Paty believes that her greatest strength in working with children is her high level of patience and that she does not easily get stressed out. Paty typically does not need to advertise for child care openings as word of mouth referrals tend to keep her at full capacity. Since Paty speaks Spanish, she often talks to the children in Spanish throughout the day. The children have picked up and learned a lot of Spanish vocabulary while in Paty's care.

3. Identify The Aspects That Fall Below The Standard

Number for each child's parent, a person who can be reached when the parent cannot and child's physician is written on paper and readily accessible by the working telephone.
110.9(4) : An individual file is maintained for each child and updated annually or when there are changes.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

Paty needs to update emergency numbers to include newly enrolled infant.
Paty needs to ensure all children's enrollment forms have been signed and dated within the last year.

Paty needs to send verification of the updated emergency numbers to Kathy by 4/6/2026. This can be emailed to kathy.huinker@hhs.iowa.gov or texted to 563-949-6971.

Child files will be reviewed again at next year's compliance visit.

5. Special Notes/recommendations

Targeted case compliance for Emergency Preparedness Plan. Emergency Preparedness Plan remains up to date and accurate.
