1. Basic Overview

KinderCare Learning Companies, Inc. was founded in 1969 and has grown to become one of the largest providers of childcare in the United States. KinderCare Learning Companies, Inc. is currently primarily owned by Partners Group a Swiss private equity firm as well as other shareholders and investors. KCE Champions LLC is a division of KinderCare Learning Companies, Inc. and included as a core brand along with KinderCare Learning Centers and The Creme School. Specifically, this license and inspection report pertains to KCE Champions LLC @ Grant Elementary School which commenced operations in fall of 2022. This location includes childcare for school-age children outside of school hours including the option to provide full days of childcare on no school days and extended school breaks including winter, spring and summer breaks.

Multi-site regional manager Setara Sous has a BA in criminology, has experience working with children and continues to participate in child development related training. Ms. Sous has also been director qualified since January 2024. Multi-site director Paul Pressler has been with Champions since fall 2023 and began to fill a multi-site director role in April 2024. Mr. Pressler has a MA degree in educational leadership, has experience working with children and continues to participate in child development related training. On-site supervisor (OSS) is Temaira Batey. Ms. Batey reported being in the OSS role at this location since March 2024. Ms. Batey has experience working with children and continues to participate in child development related training.

On 1/5/2026, program space was observed. Primary programming occurs in half the school cafeteria. On some days and hours of operation, the program also has access to the school gymnasium and outdoor school play areas. Sufficient restrooms including hand washing sinks are available. All foods offered to the childcare children are stored and prepared by the Cedar Rapids Community School District in the on-site school kitchen. On 1/5/2026, staff were observed warmly

greeting children as they arrived at childcare after their school day. Activities included after school events (e.g. games, Lego building, play dough creating) as well as snack rituals. A noteworthy group activity included discussion about upcoming Martin Luther King, Jr. celebrations with a crafting activity encouraging each child to indicate how s/he would change the world. Curriculum allowed for a variety of experiences that were observed to pique child interest as well as encourage social emotional growth, innovation, good sportsmanship, the use of social graces and child choice. On 1/5/2026, staff were observed to be in ratio and engaged in programming with the children. Routine transitions were observed to go well. Children appeared comfortable with staff and to be enjoying their day.

2. Identify Observed Strengths of the program

According to the family and employee handbook, the philosophy of KCE Champions LCC is that "...learning is meant to be a natural, joyful experience. Our goal is to help your child develop socially, emotionally, physically, and intellectually. Children thrive when the process of discovery is lovingly encouraged and gently reinforced..."

KCE Champions LLC @ Grant Elementary School has established the following website for families and the community to learn more about the program: https://crschools.us/students-and-families/quick-links/champions/.

As of 1/5/2026, KCE Champions LLC programs remain for profit and operate under a board of directors having several Chief Operators including ones specific to operations, finance, curriculum and branding. The local management team (e.g. regional manager Setara Sous, multi-site director Mr. Pressler, OSS Ms. Batey) remains primarily consistent. Management is knowledgeable of licensing guidelines as well as their own policies and procedures. Management has reported holding regular staff meetings to review rules, policies and procedures.

On 1/5/2026, KCE Champions LLC @ Grant Elementary School was found to be maintaining most required posting, maintaining parent-staff-program information centers, utilizing technological communication resources, and offering family programming activities. Curriculum continues to focus on six content areas that research shows enhance children’s growth and development as well as help build the essential skills needed to be successful in school and beyond: Character Development, Community, Creative Expression, Executive Function, Inquiry-Based Learning, and Literacy. The program provides child interest areas in creative arts, literacy, math and construction, puzzles and games, and science. Daily fitness, healthy eating, and homework assistance (as needed) are part of the program’s operations. Extended school break curriculum continues to be enhanced with guest speaker events and off-site field trips.

KCE Champions LLC continues to have and update as needed policies and procedures that include those for safety, daily health checks, hand washing, cleaning, sanitizing and disinfecting. On 1/5/2026, Ms. Batey acknowledged how their team of staff continue to help ensure the children's space is sanitary and hazard free each day by following their policies and procedures. Ms. Blanchett also talked about having support from the school (e.g. school kitchen staff, school administration, school maintenance, school custodial team) as to daily building and grounds conditions and repairs. School kitchen is inspected by the local health department. There is an AED on-site.

KCE Champions LLC locations including this specific location have emergency plans, policies, and procedures in place which are annually reviewed and updated as needed. The programs have successfully navigated through air quality alerts (2023, 2025), repeated expansion and acquisition events, and repeated technology outages (7/19/24 global technology outage, 10/10/2025 AWS outage, 10/29/2025 Microsoft outage).

3. Identify the aspects that fall below the standard

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

109.6(4)c Center repeats Iowa record checks at a minimum of every two years or when aware of additional child abuse or criminal history that occurs.
- Staff file reviewed (AL hired December 2025) lacked documentation of an Iowa record check result.
- Staff file reviewed (TB hired March 2023) lacked documentation of an updated (required every 2 years) Iowa record check result.

109.6(4)d Center repeats national criminal history checks at a minimum of every four years or when aware of additional

history that occurs.
- Staff file reviewed (AL hired December 2025) lacked documentation of a federal record check result.

109.9(1)c All files contain documentation to indicate that ongoing staff training requirements are met, including current certifications in first aid/CPR and mandatory child abuse training.
- Staff file reviewed (TB hired March 2023) lacked documentation of current first-aid and CPR.
- No staff present on 1/5/2026 had documentation of current first-aid and CPR.

109.11(3)a Center shall ensure that: Facility and premises are sanitary, safe, and hazard free. Sufficient lighting shall be provided. Sufficient ventilation. Sufficient heating. Sufficient cooling. Equipment placed in the program area is maintained so as not to result in injury to the children.
- On 1/5/2025, the program had access to the school gymnasium. Children verbally reported being "cold". Gym thermostat was observed to have a temperature of 57 degrees.
- Children shall hand wash prior to food service including afternoon snack.
- The program shall have a cleaner, sanitizer and disinfectant available and stored in an inaccessible but readily available manner. Each chemical shall be properly labeled with the name of the contents and manufacturer's instructions of use (e.g. ratio if applicable, dwell time).

5. Special Notes/Recommendations

Continue to collaborate with the school district regarding maintenance of the outdoor playground (e.g. sufficient cushion surface depth, chipping/rusting equipment, power washing of outdoor equipment). If any area of the outdoor play space becomes unsatisfactory, the childcare shall refrain from accessing those areas until remedies are made.

Current lesson plan with current dates was not posted. This has been noted in prior annual inspections. As a result, further such findings will be noted as a violation in future reports.

Since the childcare uses shared space, ensure there is a locked medication box that is fully functional with keys. All non-rescue medication shall always be locked as well as all rescue medication when the child prescribed the medication is not in attendance. When the child prescribed rescue medication is in attendance, the rescue medication shall be stored in an inaccessible but readily available manner. Also, continue to ensure at least one childcare cabinet shall have a fully functional lock with keys for staff to store chemicals, confidential administrative items (e.g. child files, staff files) and any potential personal items (e.g. purse).

A full license is issued. Thank you for the visit.

Date: 01/15/2026

HHS Licensing Consultant: Amy Lyons

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Care License. Please take steps necessary to completely address each of the violations noted above.

Child Care Resource and Referral is an excellent resource for providers to access training options and support in your area. You can reach Child Care Resource and Referral at **https://iowaccrr.org**.
