CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance check with Registered Child Development Home Category C-1 provider Elizabeth Koopman on 2/19/2026. Elizabeth has been involved in child care for 18 years. She had 3 children present during our visit, and is currently caring for 6 kids. She continues using both the main and basement level of her ranch style home. She has an egress window and step system for a second exit in her basement level. She maintains a very clean and clutter free environment. Elizabeth currently has no HHS-approved assistant or substitutes. She has a partially fenced back yard to use for her outside play area. I observed a good safe infant sleeping practice upon my arrival. Elizabeth is due to renew her registration effective 7/31/2027.

2. Identify Observed Strengths Of The Program

Elizabeth has regular contact with CCR&R. She identifies her strengths as having good experience in child care and being very organized. She has done an excellent job in maintaining her compliance items over the past couple of years. This includes her files, postings and trainings. Elizabeth describes her curriculum as learning through play. She has a very young group of kids at this time so her activities reflect simpler things. They work with shapes, colors, and enjoy playdough. Elizabeth participates in the Food Program to enhance the nutrition of her snacks and meals.

3. Identify The Aspects That Fall Below The Standard

Elizabeth was in compliance at this time.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

The 2026 targeted compliance for the Emergency Preparedness Plan was conducted. Elizabeth was in compliance with a plan consistent with her current operation.

I encourage Elizabeth to continue working with Kathy Lloyd from Child Care Resource and Referral with any ongoing compliance or training needs.
Kathy can be reached at: (319) 231-9405

Elizabeth currently has 2 infants under 12 months of age in care. I observed an excellent safe sleeping example upon my arrival. We reviewed safe infant sleeping policies.
