CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category B provider Kristi Fullerton on 10/6/2025. Kristi has been involved with child care for 33 years. She has a small ranch-style home with no basement that is dedicated to child care only. Kristi had 7 children in care during the time of our visit. She just renewed her certification last month which runs through 8/31/2027. Kristi has one HHS-approved assistant, and no HHS-approved substitutes. She has a fenced in back yard for use as her outside play area.

2. Identify Observed Strengths Of The Program

Kristi's home is open, clutter free, and designated for child care only. She has multiple tables set up with different activities for children. Kristi has a pre-school program that she uses with her older kids. She offers lots of free play mixed with activities for all of the children. They have frequent outside time which includes exploring and adventures. Kristi has extensive child care experience, and is conscientious in her approach to compliance. She participates in the Food Program to enhance the nutrition of her meals and snacks.

Kristi's only infant under 12 months of age was awake during my visit. We reviewed safe infant sleeping policies and she has a pack-n-play available for napping.
