CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Sharon has been providing child care for approximately 39 years. Sharon was registered with the state of Iowa for almost 20 of those years. Although Sharon has been in a few different locations, she has remained in the Farley, Iowa area the entire time. Sharon is open to providing care to children from birth to school aged and only first shift care.

2. Identify Observed Strengths Of The Program

Sharon has a great space for her child care that includes ample toys and activities for children of all ages and developmental stages. This worker observed Sharon interacting and communicating with all of the children and ensuring they all remained engaged and safe. Sharon is aware of her available resources to assist in her child care program and seeks those out as needed, specifically Child Care Resource and Referral. Sharon believes her greatest strengths include being a family-oriented child care program where she treats the children as if they were her own. Sharon communicates well with both parents and children and appropriately responds to their needs.
