Findings:

Per my compliance visit on 4/18/19 the following correction are necessary based on the above mentioned rules:

1. Please review all daycare children's files to ensure they have the required documentations-emergency contact information, pick up and drop off information, emergency medical consent, current physical and immunization record. Immunization records are required in addition to the physical and don't count as a physical. Your parents have 60 days from the time of request to provide you with the documentations. Children who do not have the proper documentation may not return to care until this is received.
