Program Population Served:

- [ ] Infant(0<24 mos)
- [ ] Toddler
- [ ] PreSchool
- [ ] School Age
- [X] All Ages

CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category A provider Dalayna Snodgrass on 4/1/2026. Dalayna has been involved in child care for 17 years. She continues using her main floor only. She has an open, clutter free living room, and also has a one of the bedrooms designated for child care only. Dalayna had 2 children present during our visit, and has 3 total in care at this time. She is expecting an infant later this spring/summer. Dalayna has a partially fenced back yard as her outside play area. She has no pets at this time. Dalayna is due to renew her certification 9/30/2027.

2. Identify Observed Strengths Of The Program

Dalayna has 17 years of experience as a child care provider. She described her biggest strengths as her ability to maintain a schedule and routine with the children so they know what to expect. Dalayna currently has low numbers of children, allowing her good control of her environment. She describes her curriculum as mostly free play mixed with activities such as coloring, music/dance, and regular outside time as weather permits. The 2 children present were coloring Easter Egg sheets during my visit.

3. Identify The Aspects That Fall Below The Standard

110.8 (1) h : Has a minimum of one single-station, battery-operated, UL-approved smoke detector in each child-occupied room and at the top of every stairway.
- Dalayna needs to install a battery operated smoke detector in her master bedroom where she occasionally has a child nap.

110.9 (4) e : For infants and preschoolers: A statement of health signed by a physician submitted annually.
110.9 (4) g : A signed and dated immunization certificate provided by the state Department of Public Health.
- Dalayna needs to update a couple of her children's files with a current immunization form and physical.

The above corrections need to be in place by 5/29/2026 and will be reviewed during her next visit.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

The 2026 targeted compliance for the Emergency Preparedness Plan was conducted. Dalayna was in compliance with a plan consistent with her current operation.

I encourage Dalayna to work with Cassie Strickler from Child Care Resource and Referral with any ongoing compliance or training needs.
Cassie can be reached at: (515) 782-3688

Dalayna currently has no infants under 12 months of age in care. She is expecting one later this summer. We reviewed safe infant sleeping policies for future reference.
