CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category B provider Emily Nagle on 8/12/2026. Emily has been involved in child care for 17 years. She continues using the main floor only of her ranch style home. The primary space includes an open living room/dining room along with a connected bedroom for napping. Emily had 6 children present during our visit and currently cares for a total of 7. She has one HHS-approved substitute/assistant. Emily has 2 cats, both with current vet statements on file. She uses a fenced back yard for her outside play area. Emily is due to renew her registration effective 5/31/2027.

2. Identify Observed Strengths Of The Program

Emily has many years of experience in child care and has done well in maintaining her compliance items. She describes her strengths as providing lots of positive reinforcement with the children and striving to keep them happy and comfortable in their environment. Emily talked about paying close attention to the children, and monitoring any behavior issues closely. She describes her curriculum as mostly free play mixed with coloring, music, dance, and arts/crafts. They have regular outside time as weather allows. Emily participates in the Food Program to enhance the nutrition of her snacks and meals.

3. Identify The Aspects That Fall Below The Standard

Emily was in compliance at this time.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

The 2026 targeted compliance for the Emergency Preparedness Plan was conducted. Emily was in compliance having a plan consistent with her current operation.

I encourage Emily to continue working with Kathy Lloyd from Child Care Resource and Referral with any ongoing compliance or training needs.
Kathy can be reached at: (319) 231-9405

Emily had one infant under 12 months of age in care during our visit who was awake. We reviewed safe infant sleeping policies.
