## CHILD CARE ANNUAL EVALUATION

**1. Basic Overview**

Rebecca has been a registered child care provider for almost four years. Rebecca worked as an assistant in her mother's child care since she was 14 years old. Rebecca accepts children aged newborn through school age for first shift care. Rebecca has a play based child care environment. Rebecca does arts and crafts with the children when the children's schedules and behaviors allow it to happen. Rebecca also takes the kids outside regularly for large motor play and activity.

**2. Identify Observed Strengths Of The Program**

Rebecca believes her greatest strength in working with children is that she is extremely reliable and she relates well with kids and can get through to them on their level. Rebecca has an abundance of age appropriate toys for children of all stages of development. Rebecca maintains her paperwork in an organized fashion, making her annual compliance visits quicker. Rebecca has a gentle demeanor, however, has a way of getting the children to listen and respect her. Rebecca participates in the CACFP food program for child care providers. Rebecca understands the rules and guidelines for registered providers. Recently Rebecca applied for and was granted an exception to policy for the number of children in care as Rebecca recently had a baby.

**3. Identify The Aspects That Fall Below The Standard**

All dogs and cats have annual examinations. Records of the exams are on file and must verify that routine immunizations are current and animal is free of endo and ecto parasites.
Form 470-5153, Pet Health Examination Veterinary Health Certificate, is on file.

**4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance**
