CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Tamarra has been providing child care 12 years and has been registered with the State of Iowa the entire time. Tamarra provides child care to children aged infant through school aged. Tamarra is available for care Monday through Fridays for first shift families. Tamarra has a play based environment that includes free play, regular snacks, circle time, activities including science and crafts, running and movement activities, and going outside when the weather allows. Tamarra has a semi-structured routine and does use curriculum to help guide activities with the children.

2. Identify Observed Strengths Of The Program

Tamarra believes her greatest strength is her ability to anticipate the needs of children in care before they occur. Tamarra adds that she is no longer a pushover and has found her voice in terms of establishing and maintaining appropriate boundaries for her child care setting. Tamarra is now able to talk to parents when a child's behavior becomes difficult and if needed, Tamarra gives notices on these children for the better of all of the children and herself. Tamarra has noticed the growth and maturity she has made in working with children and running a child care home. Tamarra participates in the CACFP food program for child care providers.

3. Identify The Aspects That Fall Below The Standard

Nonsmoking signs are posted at every entrance of the home and in every vehicle used to transport children. Signs include telephone number for reporting complaints, and www.iowasmokefreeair.gov.
